THE ROAD AHEAD FY2023-2025
Executive Summary

Three years ago, we created a strategic plan based on the priorities of Literacy, Access, and Inclusion. We have worked diligently in those areas, and after much research, community discussion, staff input, and data analysis, we recognize there is still work to do.

Our next three-year plan will continue to focus on these strategic priorities. As we continue to emphasize Literacy, Access, and Inclusion, we will strive to connect people to information, experiences, and services to enhance their quality of life.

In the past three years, Cedar Rapids has seen the need to move the needle in the areas of climate sustainability and disaster resilience, a struggling economy, increases in our community members experiencing homelessness and facing debilitating mental health issues, and a growing cultural and political divide among neighbors. These issues will not resolve on their own. In many cases a library would not be seen as “the” solution (or even in some cases “a” solution) to community problems, but at the Cedar Rapids Public Library we believe that public libraries are called to be part of the solution.
When a library like the Cedar Rapids Public Library achieves the ultimate goal of being a true reflection of its community, as an institution we then have the ethical responsibility to step forward and be a leader in finding ways for our community to learn, enjoy, and thrive. We have heard our community speak, and we are responding with a plan that acknowledges big issues while focusing on solutions within the confines of the mission, vision, and values of the library.

We look forward to working with our community in this FY2023-2025 Strategic Plan.
