   - The Foundation is working on its joint newsletter with the Friends, and Ms. Tyler hopes it will hit mailboxes at the end of October.
   - Ms. Sharp asked about specific DPIL enrollment numbers. Ms. Tyler responded that as of Sept. 30, we have had approximately 5,400 children enrolled with another 2,082 graduates. Over 144,000 books have been mailed.

F. Board Education: Educational Supports – Kevin Delecki

G. Library Board Committee Reports

- Finance Committee – Randy Ramlo, Committee Chair
  - Mr. Wilding reported for Mr. Ramlo. As written in the Finance Memo, the initial FY21 finances are on track/as expected. Final FY20 numbers are now available. Some line items were higher than budgeted and others were lower; overall, the entire budget is approximately $80,000 under.
  - As this time, the upcoming FY22’s budget does not yet direction from City leadership to make major changes. Currently, the library is one of the City’s departments that will expand services within the current budget. Ms. Schmidt believes we are prepared for budgetary changes that may arise. A FY22 budget will be held in the December meeting.

- Personnel and Policy Committee – Clint Twedt-Ball, Committee Chair
  - There being no report, the meeting continued.
• Advocacy Committee – Mary Sharp, Committee Chair
  o The Advocacy committee met in September and discussed how the Library is supporting local students through library cards and HelpNow and the CRCSD Internet Hub in Beems Auditorium. Ms. McNamara has developed a social media dashboard of the Library’s promotions and virtual content. Ms. Sharp encouraged trustees and stakeholders to share our student and school support efforts.

H. Library Director’s Report
• With an agreement with the CRCSD, the downtown library is one community Internet Hub sites for students. Beems Auditorium is specifically for student use from 8 am-3 pm during the week. We host no more than 25 kids, all socially distanced and monitored by school staff. Breakfast and lunch is provided at all Internet Hubs. The agreement is the best use of our underutilized spaces. The service is in its second week; the district will continue to monitor usage and changes as home internet improves.
• Annual Report. Ms. Schmidt reviewed the FY20 Annual Report as presented in the packet. Specific discussion was held on the following.
  o Our finances evened out regardless of the pandemic. We saved money by re-allocated funds to cover unexpected expenses caused by the pandemic.
  o New resources and services were added to meet patron needs and were well-received. Patrons were able to access increased materials online and through curbside holds services. Database uses increased from about this time last fiscal year. Our in-house services, such as physical circulation, visits, etc., are down but overall circulation and usage numbers are even. Our story is not unusual – other libraries are trending similarly. For example, physical circulation is down but digital circulation jumped to make up a significant portion of that loss.
  o Ms. Schmidt played an Annual Report video. Final printed copies will be produced but we felt the video communicated the past fiscal year better.
• The board packet includes a new statistic dashboard to better depict our usage during the pandemic.
• Mr. Wilding asked about the Ladd roof damage. City Facilities is working with the landlord for timeline. It is expected Ladd will need to close for the roof repairs.
• Ms. Schmidt noted that people are taking advantage of expanding services while also avoiding gatherings and spending lots of time in the buildings. We have remained under our posted occupancies.

Ms. Sharp excused herself from the meeting at 4:58 pm

• Mr. Twedt-Ball asked about which populations we are typically serving in the buildings.
  Ms. Schmidt shared that anecdotally, we see all ages and a majority would be considered an older population. She believes phone service is helping older populations as well. There are many options to receive assistance and materials without physically entering the buildings. In addition, book clubs and trivia are popular in virtual settings.
